4月22日 Exchange Program-Turkey X Taiwan

大安高工 陳O楚

Hello, my name is Bono. It's really rewarding and pleasure to join the teleconferencing exchange held by LWLHS ,especially when we interacting in the break out room, while self-introduction we got to know each other better , we communicate and comprehend each other's culture differences and backgrounds, anyhow I really wish they held this kind of event more often.

大安高工 蘇O安

I'm glad to be able to participate in this cultural exchange activity. We learned about the cultural differences between Turey and Taiwan, and we can also make new friends from Turkey! I hope next time I have the opportunity in an event like this again! Thanks!

建國中學 林O宸

I am very glad to having a terrific cultural exchange with you. I had acknowledged your Children's Day and Independent Day fall on the same day. And you have some special activities to celebrate!

建國中學 陳O漁

What a great opportunity to have this online exchange with Turkish students, I think I learn a lot from this. I got to know more about their country and their culture, I'm very grateful for this event.

建國中學 倪O詠

I was so glad to participate the culture exchange with Turkey this time, although it was a little bit rush, but the friends from the other side were all kind and friendly, it let me know more about Turkey than used to. One hour is too short for everyone to completely understand each other's country, but it is enough to make us curious about each other's traditions and custom, if we still have chance to communicate with each other, I will be very exciting. And also wish to visit Turkey after the pandemic.

5月18日 The pocketMEET with WTW

建國中學 廖O硯

I really enjoy international exchanges, and being able to know people from all over the world is just extremely cool. And I feel that everyone here is so friendly and welcoming, which is why I love the program. I think it is the introduction part. Because this is the main part that we get to know our roommates, and I hope that everyone can be more open and make the chat room filled with joy and excitement. I think the session time can be a little longer, especially the introduction part, I think this is the session that we have the most things to share and it's also interesting. I want to be more confident in front of people, and learn to be able to express my ideas and opinions clearly, also develop the way to get along with new friends.

建國中學 Wells Ni

It's really a good chance to chat with other countries' friends, it will be unfortunate if the events are no longer held. The group discussion was great, I learned a lot from other countries. Make the sessions longer. Every thing, every experience is useful in the future. I will make good use of them in any time I need them.

陽明高中 Vesta (何O臻)

I think this section is funny and helps me practice my speaking. In the debating time, we can try to interpret our own opinions and interact with each other. We can add each other's social media so as to continue communicate.
